LinkedIn GitHub

Summary

M.Tech student in AI & Data Science with expertise in **Artificial Intelligence, Machine Learning, Deep Learning, NLP, and Quantum Machine Learning**. Researcher with experience in **hybrid quantum-classical pipelines** and **scalable full-stack applications**. Skilled in **cloud technologies, automation, and problem-solving**, with proven industry exposure through internships and projects.

Education

- **M.Tech in Artificial Intelligence & Data Science** Aug 2024 – Present
Mahindra University, Hyderabad
Specialization: AI, Data Science, Quantum Machine Learning
Coursework: Deep Learning, NLP, Quantum Computing **CGPA: 7.38**
- **B.Tech in Computer Science & Engineering (AI & ML)** Jun 2020 – May 2024
Presidency University, Bangalore
Graduated with distinction; foundation in ML, DL, Software Engineering, Full-Stack Development
Coursework: Quantum Computing, Business Intelligence, Cloud Technologies **CGPA: 8.51**
- **12th Standard – MPC** 2019 – 2020
Sri Chaitanya Junior College **CGPA: 8.69**

Technical Skills

Programming & Software Engg.	Python, Java, MySQL, JS, OOP, DSA, Git
Full-Stack & Cloud	HTML5, CSS3, React, REST APIs, AWS (fundamentals)
AI & Machine Learning	PyTorch, TensorFlow, Keras, CNNs, RNNs, Autoencoders, GANs
Natural Language Processing	Transformers, Tokenization, Sentiment Analysis, GloVe, BiLSTM, Attention Mechanisms
Quantum Computing	Qiskit, Quantum Circuits, QML, IBM Quantum Experience
Tools & Platforms	Streamlit, VS Code, Vertex AI, IBM Quantum Composer, Gemini CLI

Experience

- Research Intern**, Lloyd's Bank, Mahindra University Aug 2025 – Present
 - Developed software modules for a biometric security platform integrating computer vision and backend processing.
- Machine Learning Intern**, Bharat Intern Oct 2023 – Nov 2023
 - Built and tested data-driven applications using Python and deployed for evaluation.
- ML Internship Training**, Skill Vertex May 2023 – Jun 2023
 - Implemented ML algorithms and data preprocessing scripts in Python.

Projects

University Cultural Festival Registration Web Application

Developed an ASP.NET Core MVC web app with SQL database integration and form validation to manage event registrations efficiently.

Serverless Full-Stack E-Commerce Application with AlloyDB

Developed a React frontend with serverless API endpoints (Vercel) connected to AlloyDB for products, orders, and user management.

Multilingual Customer Support Chatbot Chatbot with multi-language support using Python backend and HTML/CSS/JS frontend; integrated with Streamlit.

Certifications & Achievements

Certifications

- AICTE Certified FDP on Quantum Computation
- Introduction to Front-End Development (Meta-Coursera)
- Principles of UX/UI Design (Meta-Coursera)
- Programming with JavaScript (Meta-Coursera)
- Programming with Python – Internshala
- Introduction to AI – IBM

Achievements

- Selected as Qiskit Advocate Program 2025
- Published paper on Inventory Management using AI
- Represented India in Men's Throwball at Indo-Sri Lanka Youth Cup 2024 (Runner-up)
- DOP in regional short film contest
- M.Tech merit scholarship for academic excellence
